

The GM Infinite Group commenced operations as a humble construction contracting company in the year 1962 in Bengaluru and since then has come a long way and achieved tremendous success. We have been built on innovation, integrity, and relationships and have emerged as a pioneer in the development of modern residential projects, with unique designs, and amenities, at affordable prices. We have won many awards and citations and have developed over 50 million sq. ft with a mission to emerge as the most preferred real estate developer, offering world-class amenities in the residential, commercial, and hospitality sectors.

Over the years, we have invested heavily in human resources, equipment, plants, machinery, and construction methodologies to deliver homes with quality that lasts for a lifetime. GM Ambitious Enclave is one of the most successful projects in GM Neo Town & Electronic City Phase 1 with over 1900 booked customers, and 6000 families have made GM Neo Town their new home.
