

77° LIFE

LIFE'S COMING TOGETHER.

START WITH A HOME, DISCOVER A UNIVERSE

It's the coming together of several things. Some planned - the location, the masterplan, the design, the residences. And some unplanned - the strong niche communities, the celebrations of culture and intrinsic values.

All designed to encourage and ensure a self-sustained lifestyle within an interactive social structure.

NEW INDIRANAGAR

DESIGN COMING TOGETHER

When design is highly developed and forward-thinking, it contributes to society, productivity, health and overall quality of life. Efficient resource utilization reduces strain on our environment. Thoughtful spaces provide respite from the daily stress and connects us to people around us.
