UNCROWDED.

3.80 acres.  
Over 20 world-class amenities.  
Just 218 homes.

**AT REN & REI,  
THERE IS SPACE FOR  
EVERYTHING...**

...breathing in the morning sun, enjoying  
your coffee with a side of calm or just  
leaving the noise behind.  
Built for those who like life uncrowded.

Here, luxurious homes and world-class amenities, all come together in a vast expanse of nature. All just a stone's throw from the hustle and bustle of the city.

The luxury of personal space is getting rarer to come by. And in a city that is known for its crowds, quietude is nothing short of sheer opulence.
